[company logo goes here]

Dear {first name},

If you're looking to scale, exit or go public, do you know...

- Which collateral materials are essential?
- If your pitch will stand out and convince investors?
- How to avoid costly IPO mistakes?

If you're not 100% sure, *you're not alone*.

Most Founders haven't positioned their company for an exit or IPO.

It's complicated, for sure.

But the good news is you don't have to struggle through it alone.
